THE RECENT REPORTS ABOUT CONTEMPLATED NEGRO RIOT UNTRUE—A MILITARY INVESTIGATION INTO THE REPORTS UNFOUNDED AND MALICIOUS—A SOUTHERN LOYALIST'S HOUSE SET ON FIRE FOR THE FOURTH TIME.

Special Dispatch to the N. Y. Tribune.

WASHINGTON, Sept. 23, 1866.

The following has been received by this Bureau from your special correspondent at New-Orleans:

NEW-ORLEANS, Saturday, Sept. 22—2 P. M.

The mustering out of service of the 82d Colored Infantry was completed yesterday. Evil-disposed persons, for the purpose of making political capital at the North and inflaming the bad feeling existing here against negro troops, have been industriously engaged for the past two days in disseminating rumors to the effect that the negro regiments contemplated murdering their officers and attacking the police of the city. In view of the fact that these rumors may have been telegraphed North, it is but a simple act of justice to the officers and soldiers of this Regiment to state that after careful and thorough examination by the military authorities, the whole affair has been pronounced a base and malicious fabrication, fully devoid of truth. Some forty cab drivers had assembled in the vicinity of the campment where the men were being mustered out and paid off, with the intention of enticing them to visit improper places and swindling them out of their money. The officers of the regiment, requested the police on duty in the vicinity to remove the cab drivers, and this request has been forwarded into a ridiculous statement that the police were called on to protect the officers from violence at the hands of their men, when the truth is apparent that no body of officers ever more universally loved and respected by the soldiers of their command, and no regiment could have been in a more orderly and quiet manner than this one has, since its arrival in the city. Judge Heislard's house was set on fire for the fourth time a few nights since. The Judge is at present traveling with the loyal Southern delegates, in the North.

PHILADELPHIA, Sept. 23, 1866.

The Philadelphia Press has a dispatch purporting to report that a negro riot in New-Orleans is to be unfounded. The correspondent says that General Sheridan is very much annoyed that such maliciously false reports should be sent to the North, and that he has ordered his correspondents in the future such lying messages shall be compelled to leave New-Orleans.

ANOTHER REBEL DISPATCH.

NEW-ORLEANS, Saturday, Sept. 22—The officers of the 82d Colored Infantry, who were mustered out yesterday, were peacefully mustered out yesterday. There is no rioting spirit among the negroes in the city to-day, which is a relief to the authorities.
